## EDUCATION

### SRKR Engineering College , Bhimavaram

B.Tech in Computer Science and Design

2023 - 2026

8.21 CGPA

### Smt.B.Seetha polytechnic , Bhimavaram

Diploma in Computer Science and Engineering

2020 - 2023

8.40 CGPA

### A.R.K.R muncipal high school , Bhimavaram

2019

10 CGPA

## SKILLS

**Programming languages :** Java , JavaScript

**Frontend technologies :** HTML , CSS , ReactJS , Bootstrap

**Backend technologies :** NodeJS , ExpressJS

**Databases :** MySQL , MongoDB

**Tools :** Git, Github , VScode

**Other skills :** Canva , Video Editing

## PROJECTS

### Blog Web application

- Built a full-stack blog platform with user authentication and role-based access control
- Enabled users to create, publish, update, and delete blog posts with image uploads via Cloudinary
- Implemented category-based blog filtering and publishing to display posts on the homepage
- Developed admin functionality to monitor and remove spam or inappropriate user content
- Used ReactJS , HTML,CSS, JavaScript , NodeJS , ExpressJS , MySQL technologies .

### Live Weather Website

- Built a responsive web app showing real-time weather, AQI, humidity, pressure, sunrise, and sunset data .
- Integrated OpenWeatherMap API to provide current conditions, 9 AM–5 PM hourly updates, and 5-day forecasts .
- Designed an intuitive UI with search functionality to fetch weather data for any global city using HTML ,CSS and JS .

### Movie Web application

- Built a movie web app to display trending and latest movies using TMDB API with dynamic search functionality .
- Implemented a like feature to add favorite movies to a dedicated favorites page .
- Designed a responsive UI with clean layout for seamless browsing and interaction with ReactJS , HTML, CSS and JS.

## EXPERIENCE

### Java developer internship , Wave Infotech

- Completed industrial training in Java and developed a console-based ATM system .
- Implemented features like balance inquiry, deposit, withdrawal, mini statement, and session-based exit

### Java full stack developer internship , Blackbucks

- Developed a full-stack web application for users to record, update, and monitor their daily expenses in real-time .
- Built the frontend with HTML, CSS, JavaScript and integrated backend logic using Java

## CERTIFICATES

**Microsoft Azure Fundamentals** certification of completion

**Course in Generative AI** certification of completion

**React js course in scaler** certification of completion

## ACHIEVEMENTS

- Secured 3rd place in Google Dev Challenge Hackathon by GDG for developing an accessibility-focused website for neurodiverse users .
